2018 College of Nursing Urban Health Program Spring Panel

*Cultural Humility and its' Importance to Health Care,
Education, and Clinical Practice*

Tuesday, February 20, 2018

4:30pm – 6:30pm

Location: College of Nursing 3rd Floor Event Center

Featuring:

Leslie Cordes, MD, MPH

Susan Walsh, DNP, APN, C-PNP

Objectives of this panel:

- Define and understand the terms cultural awareness, cultural competency, and cultural humility
- Define relationship between cultural humility and health disparities
- Identify barriers to cultural humility practices
- Effectively apply the concepts to your population
- Identify how to incorporate cultural humility practices into healthcare through practical application
- Identify capacities and skills necessary to work effectively across diverse cultures
