

Sexual & Gender Minority Workshop

Research on the Health Disparities of LGBTQIA Populations

Wednesday, October 11, 2017

8:30 AM to 12:30 PM (Light breakfast will be served)

UIC College of Nursing

845 S. Damen Ave, 3rd Floor Event Space

Chicago, IL 60612

Description:

The NIH and Institute of Medicine (IOM) have recently designated sexual and gender minorities (SGMs) as a health disparity population acalled for more rigorous research with this population. This free workshop is designed to provide an overview of SGM health disparities, as well as discuss measurement issues, recruitment and retention strategies, and ethical considerations in conducting research in this population. Students, post-doctoral researchers and scholars at UIC conducting research specifically on LGBTQIA populations are encouraged to attend.
